Reference: October Quarterly Report (8/24/06 - 9/30/06)

Dear Mr. Millane:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. This notice requests information essential to full public disclosure of your federal election campaign finances. **An adequate response must be received at the Commission by the response date noted above.** An itemization of the information needed follows:

-Line 12 of the Detailed Summary Page discloses a transfer from a joint fundraising committee. However, the sum of memo Schedules A supporting Line 12 is less than the amount transferred. Please note that the sum of memo Schedules A supporting a transfer from a joint fundraising committee should be greater than or equal to the amount reported on Line 12. Each participating committee shall report its share of **net** proceeds received from the joint fundraising committee as a transfer-in on Line 12. Each participating committee shall also file memo Schedules A itemizing its share of the **gross** receipts as contributions from the original donors. (11 CFR § 102.17(c)(8)(i)(B)) Please amend your report to correct this discrepancy.

-The 48-hour notices you submitted list the contributions on the following page multiple times. Please clarify whether the committee received these contributions only once but reported them on 48-hour notices multiple times in error, or if the committee received multiple contributions in the identical amounts from these sources on the dates shown. In case of the former, please provide a statement of clarification. In case of the latter, please amend your report to add all of the contributions reported on your 48-hour notices to the appropriate supporting line number on Schedule A. (11 CFR § 104.3(a)(4)(i))
